84%

TECHNICAL SKILLS

Languages
Java, SQL, HTML, CSS, Javascript

Frameworks
React, Tailwind

Tools & Technologies
Git, REST APIs

Core Concepts
Data Structures & Algorithms, OOP, DBMS

PROJECTS

Aggro Connect, (Node.js, React+Tailwindcss)
AggroConnect is a smart agriculture platform designed to connect farmers with buyers, streamline crop management, and enhance productivity through data-driven insights. It leverages technology to bridge gaps in the agricultural supply chain for improved efficiency and sustainability.

Personal Finance Tracker, (Java, Spring Boot, React)
Full-stack application to manage expenses and savings. Implemented CRUD operations, dashboards, and optimized expense tracking workflows.

Campus Navigation, (Java, REST API, HTML, CSS)
The Campus Navigation System is an interactive digital solution designed to help students and visitors easily locate classrooms, departments, and facilities within the campus. It enhances accessibility and convenience through real-time mapping and route guidance.

CERTIFICATIONS

- Unnati AI workshop (IIT Delhi 2025)
- AWS Cloud Fundamentals
- Oracle Generative Al Professional

SOFT SKILLS

Strong communication skills
from team collaborations & presentations.

Teamwork, flexibility, and adaptability
in dynamic project environments.

Problem-solving & perseverance
proven in academic and project challenges.
